

## **Restaurant Reservation Policy – 2023 Season**

For evening meals, you will be able to make your reservation autonomously through the online platform Libro. It will be possible to do so before your arrival at the Auberge. This new policy is the only accepted method from now on. Breakfast and lunch do not require a reservation.

Here are some useful instructions:

1. Time slots are available from the day before starting at 3:20 pm, allowing you to plan your dinners more than 24 hours in advance. The link to [Libro is available here](#) and you can also find it on [our website](#).
2. The restaurant opens at 6 pm and we take reservations until 8:30 pm.
3. You have the option to eat in the main dining room, which offers a historic atmosphere in a warm ambiance, or on the terrasse, which offers a more relaxed atmosphere.
4. To reserve a table for 9 people and more, select the number "8". It will be possible to indicate the correct number of guests in another section.
5. If you do not have your electronic device with you, a computer will be available at the reception desk.

We would like to emphasize that a seat is automatically guaranteed for all three meals, every day, with the purchase of your stay.

We hope that this new method will simplify your holiday and allow you to relax optimally. We are looking forward to meeting you during this 2023 season!

Thank you for your attention and see you soon!

Best regards,

The Auberge du Portage Team
